

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

health care 3 batch

health promotions
and wellness
facilities that facilitate
healthy living optimal
functioning and
effective coping
strategies

delaying medical
and care
because of cost
is a problem for
disabilities

Gym that support
disability exercise do
not exist. especially
in rural area,people
with disabilities have
difficulties getting
places.

all activity aiming at
advancement and
improvement of health,
prevention of diseases and
injuries,diagnosis,treatment
,recovery of citizen.

healthy activities :
yoga,swimming,
obesity,weight
gain,wellness,nutrient
educational.

painting
,writing,music
and video editing
are improve our
mental health

problem
statement will
help u keep track
of your goals with
regard to social
marketing effect.

main cause of
health problems
are genetuc
makeup,lifestyle
behaviours .

Eat healthy
prevents delay
and manage
heart diseases,
type to
diabeties.

quality of care-
health care should
be safe effective
,patient -centered
,timely efficint and
equitable

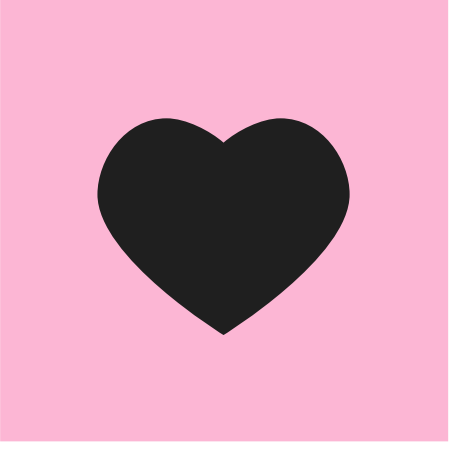

compassion is so
important in health
care because calms
patient and lower
blood pressure
reduce pain.

courage is important
in healthcare
because to do right
thing for the people
we care for, to speak
up when we have
cocerns

Does

What behavior have we observed?
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?
